## Company Description

OITH (One In The Hand) is a premium dating application designed to facilitate meaningful connections through a unique "one match at a time" model. The platform addresses the fundamental problems of traditional dating apps—low response rates, superficial swiping, and power imbalances—by creating a focused, intentional dating experience.

## Core Value Proposition

- **One Match at a Time:** Users receive a single, AI-calibrated match daily
- **Paid Platform:** \$10/month subscription ensures serious daters only
- **Date-Focused:** Built-in tools to move from chat to in-person dates
- **Balanced Power Dynamics:** Equal investment from all users

## Mission Statement

---

To revolutionize online dating by prioritizing quality over quantity, helping serious daters find meaningful connections through focused, intentional matching.

---

## Vision Statement

---

To become the premier dating platform for individuals seeking genuine relationships, where every match has the potential to become something real.

---

## Core Values

---

1. **Intentionality** - Every feature is designed to foster genuine connections
  2. **Quality** - We prioritize meaningful matches over endless options
  3. **Equality** - Creating balanced dynamics for all users
  4. **Privacy** - Protecting user data and maintaining trust
  5. **Authenticity** - Encouraging real conversations and honest profiles
